Flex Direct offers residential strata insurance direct. You can cover the legal requirement to insure your strata building without the 'bells and whistles' from an insurance broker. The service is especially designed for smaller strata properties including apartments, units, villas and townhouses. Flex Direct is part of CHU Insurance and benefits from their scale and history. CHU created the very first strata plan insurance policy in Australia and started trading in Sydney in 1978. CHU has grown to become one of Australia's largest strata insurance specialists, arranging insurance for more than 100,000 strata buildings. CHU is part of Steadfast Group, a top 200 ASX-listed company with \$7 billion in total billings. Steadfast is the largest general insurance broker network and group of underwriting agencies in Australasia
